WORKSHOPS FOR MARRIED COUPLES

THE BEST GIFT PARENTS CAN GIVE TO
THEIR CHILDREN IS THEIR STRONG AND
LOVING RELATIONSHIP

Family Enrichment Nederland

Benefits of the workshop

The best gift parents can give to their children is their strong and loving relationship. No matter how much you invest in your children, their education and in caring for them, your children will notice if your relationship with your spouse is good or not.

A happy, secure and fulfilled marriage is a task of a life-time, a work in progress. Love, tenderness and respect are key to a happy marriage. Love is not a sentiment, it is a decision. A happy and fulfilled marriage is not a matter of luck, it is the result of continually working to strengthen the bond to deepen the relationship and the friendship through effective communication and the sincere gift of self.

Your marriage is a beautiful loving adventure. You will be amazed how much you will learn from other couples, what insights you will get into your own good and not so good habits and how they affect the relationship with your spouse.

Case Method

Family Enrichment workshops are based on the case study method developed in Harvard Business School. The case study will challenge and stretch you to take a stand and make decisions as you have to do in real life. The discussions and debates will push you to think widely and deeply and will foster real engagement and friendship with other couples.
